Dear Ms. Strauss:

The Arizona Department of Environmental Quality (ADEQ) is pleased to provide Arizona's revised final 2004 Integrated 305(b) Assessment and 303(d) Listing Report (Integrated Report). As you know, ADEQ submitted its final report to EPA in 2004. Following EPA's decision to add surface waters to ADEQ's 303(d) List, all corresponding tables, maps and assessment statistics within the report, as well as the Assessment Database, have been revised to reflect these additions. Along with a hard copy of the report, enclosed you should find a CD with an electronic copy of the Assessment Database and the Integrated Report in a series of pdf files.

Please contact Linda Taunt, Hydrologic Support and Assessment Manager, at (602) 771-4416 if you have any questions concerning this report.

Sincerely,

Joan Card, Director  
Water Quality Division  
Arizona Department of Environmental Quality
